Training

Spring 2008/09
January-February 2009

**Nurse Assistant Training
State Approved**

The Nurse Assistant Training is geared to provide the participant with the skills to be able to perform satisfactorily as an entry level nursing assistant primarily in a long term care facility. The method for reaching that goal combines both a strong technical and theoretical background as well as an opportunity for experience in a supervised clinical environment. Successful completion of the training will satisfy requirements for Medicaid Certification.

Course Number/Credits: HL 113, 4 credits (80 hrs)

Cost: Course: \$70.00 (payable to DCC)

Book: Call DCC Bookstore for current price (377-9457).

Certification Test: The fee for the training does not include the cost of the certification test, this is administered under the auspices of Headmaster, Inc., Helena and the local long-term care facility.

Instructor: Donna Knuths, RN

Registration: Payment of fees must be made through the DCC Business Office. Limited Enrollment.

Course Location: Glendive Medical Center-CNA Classroom, Extended Care Facility - 202 Prospect.

Prerequisites: completion of ABLE, math/reading section at or above 8th grade level. Contact DCC (377-9452 or 377-3396) for dates testing can be completed.

Note: students are expected to have assignments read **BEFORE** each class session and come to class with book and writing materials.
