

Summer Community Art Education Program Scholarship

Dawson Community College's mission is to provide affordable and open access to quality teaching and learning. This applies to all areas of the College, therefore, we want to provide the opportunity for individuals to be able to attend the Summer Community Art Education Program. First priority of scholarships will be based on financial need, using the 2017 Federal Poverty Level Guidelines. If funds remain, scholarships will be given based on a participant attending two or more sessions, or two or more children from a family attending.

Check all that apply:

- Income Based Scholarship
Attending two or more sessions
Two or more children attending sessions

Annual Income _____
